

Maryland WIC

help me
be healthy

6-12
months

I am **your baby.**

I grow best with love
and the right food!

My name is _____.

I weigh _____ pounds and _____ ounces.

I am _____ inches tall.

My Hemoglobin is _____.

A special note for me _____

Feeding is our special time

I should drink breast milk or baby formula until I turn 1. You can still breastfeed me after 1 year.

Feed me just enough

When you feed me breast milk or formula from a bottle:

- give me a bottle with a wide nipple and a small hole.
- hold me upright, and support my head with your hand.
- gently touch my lips with the nipple, and wait until I open my mouth.
- let me take the whole nipple in my mouth.
- hold the bottle flat, and tip slightly to fill the nipple.
- let me suck, swallow, and breathe.
- I will let you know when I need to take a break, or need to burp.
I may:
 - have milk running from the corners of my mouth
 - try to push the bottle away or turn my head
 - gasp, choke, or cough.
- when I've had enough, I will turn away or fall asleep.
- please don't keep trying to feed me.

Help me learn to eat other foods

At 6 months, I may be ready to try new foods. Please go slowly. Talk with my doctor and WIC if our family has allergies or I was born early.

I must be ready to eat other foods.

You will know I am when I can:

- Sit and hold my head steady.
- Show I want food by opening my mouth.
- Show I don't want food by closing my mouth or turning my head.

Offer me only one new healthy food at a time. My body must get used to each one. Start with a single food. It could be baby cereal, vegetables, fruit, or meat. I might only eat 1 or 2 spoonfuls each day. Wait 3 days before you try another new food. If I throw up, wheeze, get a rash or diarrhea, stop feeding me the food. Call my doctor right away and tell WIC.

I will move through 4 stages of food

1. Smooth:
strained or puree
2. Mashed:
smooth with a
few tiny lumps
3. Chopped:
more lumps
4. Tiny pieces of food

Each stage gets a little harder. Be sure I can chew and swallow food from one stage before I try the next one.

Foods taste new to me.

I might spit it out or make a face. If I keep my mouth closed, don't force me to eat. Try again some other time.

Give me safe food

Wash your hands and mine before you fix my food or feed me. Do not heat my food in a microwave oven. It could burn my mouth.

Put my food in a dish and feed it to me with a baby spoon. Throw out any food left in the dish and breast milk or formula left in the cup or bottle after feeding me.

Do not give me foods I can choke on or get sick eating:

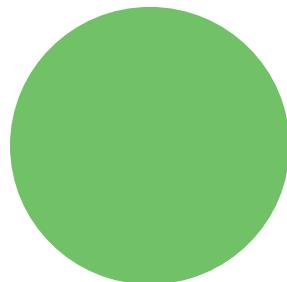

- hot dogs or meat sticks
- peanuts
- raw vegetables
- whole grapes
- bacon
- potato or corn chips
- fish with bones
- nuts
- bologna or deli meats
- honey or food made with honey
- popcorn
- hard candy
- raisins

Teach me to drink from a cup

I can try to sip from a cup at 6 months. Use a small cup that does not break. It does not need a lid. Pour a little plain water into it. Lift the cup so it touches my lips and I get a taste.

- I need practice! Put breast milk, formula, or water in the cup. Hold the cup while I drink.
- Do not give me punch, tea, or soda. The sugar hurts my teeth and is not what my body needs.

Let me eat food with my fingers

By 8 or 9 months, I want to eat some food with my fingers. Fix safe foods I can't choke on:

- Tiny pieces of cooked vegetables or soft fruit.
- Tiny pieces of cooked meat, chicken, or turkey.
- Mashed cooked beans, scrambled egg, or tofu.
- Chopped noodles or rice.
- Bite size pieces of toast, plain crackers, or soft tortilla.

Make pieces of food no bigger than this:

Let's play

Put me on a blanket on the floor. Put a toy just out of my reach so I can move to get it. Roll a ball to me.

I love to learn from you. Read and sing to me. Play peek-a-boo and pat-a-cake. Take me for a walk and talk about what we see.

How much should I eat?

- Make sure I have breast milk or formula at least 4 times a day.
- Start giving me 1 to 2 tablespoons of baby cereal, vegetables, fruit, or meat at some of my meals. Give me more if I am still hungry.
- Let me eat until I act full. I might close my lips, turn or shake my head, or raise my arm.
- Eat with me at our family meals. I eat better when you are with me. Let's turn off all our TVs and cell phones so we can talk.
- I am eating enough if the doctor says I am growing well.

Look what I can do!

6 to 9 months

I can sit up and roll over.
I creep and crawl. I like to shake things and drop them to see what happens.

9 to 12 months

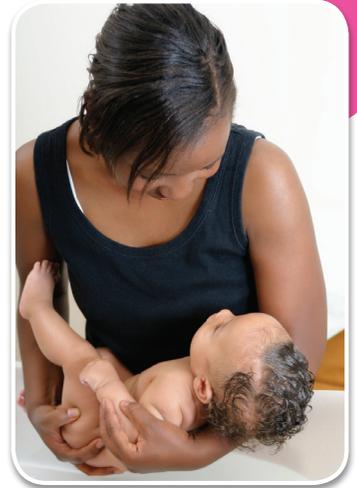

I like to use my hands.
I can hold my cup.
I like to point and wave "bye-bye."
I say "da-da" and "ma-ma."
I can pull myself up to stand.
I can walk if you hold both my hands.

Be sure I sleep:

- alone (even twins, triplets, or more) but near to you.
- on my back with my head uncovered, no pillow or blanket.
- in an empty bassinet, crib, or play yard with:
 - firm mattress with a fitted sheet
 - no bumpers, wedges, or sleep positioner
 - no toys, mobiles, or crib gyms.

Keep me **safe and healthy**

- I need checkups and shots. Take me to the doctor at 6, 9, and 12 months.
- I must sit when I eat. Never leave me alone when I eat or when changing or bathing me.
- As my teeth come in, brush them with a small soft toothbrush and a smear of fluoride toothpaste twice a day, every day, especially before bed.
- Never put me to bed with a bottle. I could choke, get an earache, or ruin my teeth.
- If other people feed me, be sure to ask what and how much I ate.
- Let me explore and learn but make each room safe for me.
- Keep me away from smoke, matches, lighters, and vaping tools. I can be poisoned by swallowing, breathing, or absorbing e-cigarette liquid through my skin or eyes.
- If you own a gun, please keep it locked in a safe place.
- Buckle me into an infant car seat in the car. It's the law! Install my seat in the car's back seat, facing backwards.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the [USDA Program Discrimination Complaint Form](http://www.ascr.usda.gov/complaint_filing_cust.html), (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

- (1) mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410;
- (2) fax: (202) 690-7442; or
- (3) email: program.intake@usda.gov.
